Bioplasm (Bower)

It is the most powerful remedial agent ever discovered. Bioplasm is endorsed and used by the leaders of the medical profession in France and the U. S. It is a discovery resulting from the teachings of Prof. Elle Metchnikoff, successor of the great Pasteur. It is the aeme of the Animal Gland Therapy-composed exclusively of gland prod-ue's which supply to the body deficient gland secretions and restore every bodily function to normal vigor,

Bioplasm Contains No Drugs

It promptly cures the nerves, stomach, bowels and kidneys WHICH HAVE RESIS-TED EVERY KNOWN TREATMENT.

Bloplasm is the only treatment ever discovered which has served to permanently relieve all the acute symptoms of locomotor ataxia, stopping pains, restoring control of bowels, bladder, eyesight and lo-

To the impotent Bio restores normal sexual virility, because it makes-and keeps-the whole body vigorous and healthy.

ECHOES OF THE FIGHT

The after echoes of the fight of Satorday are coming in and there is one thing which is pleasing to hear, that is in regard to the actual fighting. Ev eryone who was present was satisfied that they got more than their money's worth. The main event was clean and worth. The main event was clean and fast all the way through, while the preliminaries, usually the weak spot in fastic entertainments in this city, were fast as long as they lasted. There was no waiting for the other fellow to slap are was the control of the control of the conthis chap and then to smile back encouragement, but both men waded is and fought. This is due to the declar-ation of Mauager Adams of the Zoo. who makes the statement to the fight-

than one.
Mrs. Hofgaard tendered her aation as principal of the Kibel school. This was accepted. Mrs, R. P. Baker wrote that he was teaching certain children in Kona pri

vately, and wanted the necessary per-mission. This was granted. Miss McDonald of the Normal School wrote regarding a vacation sal-ary matter. She had accepted a posi-tion at a certain salary, but had been tion at a certain salary, but had been given less for several months. Here yearling had been made in proportion to the money she had made during the year, including two months in which she was working at a reduced rate. Her loss was \$4, which she claimed. Wight moved to pay the \$4. Farrangton said that he did not object to paying the \$4, but he was afraid that a precedent might be established. Wight though the money should be paid, irrespective of policy. The \$4, was voted.

The length of the terms was next matter taken up. It was decided to have the first term close on Dec. 21, and the January term to open on Jan. 7 to April 5, and the third term from April 15 to June 21. This arrangement would divide the terms more evenly, and would still make 38 weeks of school.

weeks of school,

Babbitt said he had naked the school inspeciors to make full reports as to repairs, and to intrylew the teachers as to when they would prefer to have the teachers' examinations.

Wight asked if it would not be well fold out how more would be well.

Wight asked if it would not be well to find out how much would be needed to beautify the schools. Babbitt said this would be included, the idea heing to ask the Legislature for appropriation for grounds and fences, which had never been done before. Babbitt said be intended to ask the principals of the largest city schools for a plan as to how quickly they could empty the schools of children, in the manner of fire drills. Farringion said Assistant Fire Chief Deering had already done something of that

had already done something of tha nature at the Normal School. The Kalibiwaena contract had been let, the location selected and work was now to be started. The Kawai hapai school contract had also been let, and would be finished in about twenty days. A great addition of play-ground had been added to the Kain-iani school premises by the moving of the fence between that school and the
